

64GB, 128GB, 256GB*

iXpand™ Flash Drive Go

Easily free up space on your iPhone¹

Highlights

- Easily free up space on your iPhone¹
- Automatically back up your photos and videos²
- Shoot videos directly onto the iXpand™ Flash Drive Go, freeing up space on your iPhone⁵
- Quickly move your content from your iXpand™ Drive to your computer using the high-speed USB 3.0 connector
- Password-protect your files across iPhone, PC and Mac computers³
- Dual-purpose swivel design protects connectors and features a keyring hole to take your drive on-the-go

Need more space on your iPhone? ¹ The iXpand™ Flash Drive Go is the easy way to free up memory. Keep your memories safe by simply plugging in the drive to automatically back up your photos, videos and contacts.² Once files are on the iXpand Drive, you can use the high-speed USB 3.0 connector to quickly move them onto your computer. You can also password-protect your files, across multiple devices, to keep them private.³ And the dual-purpose swivel protects connectors and features a keyring hole to take your drive on-the-go.

Automatically back up your camera roll, social media photos and videos²

High-speed USB 3.0 transfer to and from your computer

Swivel design to protect connectors

Keyring hole to take your drive on-the-go
